The sweetness of this low calories sugar free product comes from "Erythritol"

Erythritol is a sugar alcohol. It is fermented from carbohydrate.

As it is almost zero calories and has no glycemic impact, hence, it can be used as sweet additives in producing diabetic food.

Erythritol has been approved by the United States FDA as GRAS(Generally Recognized As Safe). It is a low calories naturally derived sugar substitute.

By substituting sugar to erythritol, you may enjoy a more healthy, beautiful, lighter body.

低卡無蔗糖系列之甜味，來自於「赤藻糖醇」

赤藻糖醇(Erythritol)是種四碳糖醇，為碳水化合物發酵製造。零熱量，無蔗糖作用，因此適合替代蔗糖，製造糖尿病者之食品甜味劑。「赤藻糖醇」為美國FDA視為公認安全物質(GRAS)是低卡天然的碳水化合物甜味劑。

以赤藻糖醇取代蔗糖甜味，讓你健康、美味、輕鬆，身體無負擔。

Sugar free products - pamper your family members

According to the ancient theory of Five Oriental Elements(Wood,Fire, Earth, Metal ,Water) each of these element has a corresponding color namely : green, red, yellow, white and black. It is believed that the colors of our food correspond with our internal organs in a mysterious way. It has become an increasingly popular notion to adopt the oriental five-element diet in pursuing a much desired healthy lifestyle.

The Five Oriental Elements use five natural colored ingredients to blend into a unique low carbohydrate and yet comply with the balanced nutrition of the golden ratio products.

Besides, the addition of oatmeal and dietary fiber keep you full and assist in body detoxification.
