

Diesel Fuel

New Energy Company Diesel Refine

Customer: New energy co.,ltd. in Shandong

Problem: There is some micro colloid in diesel products, will affect the quality of diesel.

Solution : Install **JY-DF60A Diesel Purification Filter** beside the oil storage tank to remove impurities, colloid and water contained in diesel.

Effect: The problem has been solved, and the diesel become clear and transparent.

Environmental Protection Trend:

Engineering machinery diesel engine State 3rd Standard will be carried out since Jan.,2016, the application of clean diesel is imperative.
